What We need to create your website

Olive Mukwevho - 2019-05-02 - 0 Comments - in [Website Design](#)

- What is your Domain Name/URL?
- What is your Business name?
- What is your business Slogan/Motto?
- Tell us more about what your business do?
-
- Now we need to Know about your products:The Type of products your business sell, additional info about product range and price of your products.
- Do you have any customer testimonials or reviews you would like us to publish on your website?
- Please provide us with some background about your business (How it started, location etc)
- Are you on any social media i.e Facebook, Twitter, LinkedIn, Instagram, Google Plus, YouTube?
- Do you have a logo, product/service images, and videos?
- What pages would you like to see on your website Example :Home page, Service/product , Gallery, About Us, Contact Us
- What are your business operating days and what are your working hours i.e Monday to Friday only /weekends

- What contact details would you like to have on your website?
